THE LITTLE TIGER

Bay St. Louis Elementary School

Bay St. Louis, Mississippi

In this, the 1964 Little Tiger, it has been our purpose to create a yearbook which we hope is a representative of life at school. Any attempt to fully record the history of the school year would be impossible; all that the Little Tiger, as the Annual Publication, can do is to catch and portray the high spots of the many events which happen throughout the year. A year-

Foreword

book is often the only album one has of his school days. We hope that in future years you will receive much enjoyment from this volume. We present the '64 Little Tiger to the students of Bay St. Louis Elementary School for whom it was created.

The Annual Staff

Dedication

With grateful hearts we, the Annual Staff of 1964, dedicate this issue of "The Little Tiger" to our principal, faculty, and student body of the Bay St. Louis Elementary School, for without their untiring efforts and boundless cooperation, this gigantic task would have been impossible.

THE GENERAL

Students welcome historic locomotive.

THE GENERAL'S CREW

The "General" was reconditioned by the railroad to run under its own power. The famous locomotive started on April 14, 1962, a series of Civil War Centennial tours. This first stop was made at the point where the "great locomotive chase" of April 12, 1862, began. Union raiders who stole the train and tried to wreck the W. & A. Railroad were overtaken and forced to abandon the General about ninety miles away near Ringgold, Georgia, ending one of the most dramatic events of the war.
